What's New in the Ionic Lab?

For more than a year now, Ionic Lab has been offering one of the most modern, cross-platform development solutions for building mobile apps using Ionic. All of its capabilities, including an extensive plugin collection, built-in emulator, advanced project manager, cross-platform support, integration with Ionic Builder and App.io and availability in a Docker container, make it a reliable and powerful solution for the task. Since the implementation of a docker-based solution, you can also use Ionic Lab from a server that runs in your own cloud, on your company's infrastructure, while following the best practices and requirements in place. Additional information about the new tools from Ionic App, including a full in-depth preview of all of its features, can be found in the official documentation. TL;DR Ionic Lab can be used to build cross-platform applications using Ionic, compile them and make sure they run on different operating systems by using an emulator, as well as preview them on real devices. In order to install the application on a MacOS, please use this setup guide first. Nov 20, 2012 The Colorado Avalanche is one of the biggest names in professional hockey, but there are times when the franchise just can't get it together. The team missed the playoffs last season and, even though they have some new pieces in their system, it's looking like the same old thing. 2012-13 Season Recap The Avalanche had a busy summer with new players, including a trade that sent former No. 1 overall draft pick Matt Duchene to the Ottawa Senators for defenseman Erik Karlsson. Duchene was supposed to be the face of the team's expansion into the western U.S., but he hasn't been the type of player the Avalanche fans have been looking for. The team was hoping to improve their power play, but the result wasn't much better. Karlsson will take some of the pressure off the man in front of him, but Edmonton Oilers' defenseman Justin Schultz will be looking for a big offensive year in Ottawa. The Avalanche are still looking for their first playoff appearance since 2003-04, but they aren't getting any younger. NHL.com's Top 50 Prospects No other team has taken more players from Colorado's draft in the past five years. The
